# Parametric

Africa Specialty Risks Parametric brings together underwriting, technology and analytical expertise to offer innovative risk solutions. Our vision is to unlock greater and simpler protections for clients, contributing to economic activity and security on the continent and beyond.

We provide cover for both direct and indirect loss, with no requirement for property damage. Our protection offers near immediate response for insureds, providing settlement within days of a triggering event.

By using technology-enabled triggers to provide the most precise coverages, we work with our insureds to create structures reflecting their experience of risk. We empower our clients to increase resilience.
